

Roanoke Valley - Alleghany Regional Comprehensive Economic Development Strategy

Public Information and Comment Open House

Please mark your calendars and plan to attend one of two upcoming public open house events for the Roanoke Valley – Alleghany Regional Comprehensive Economic Development Strategy. The Roanoke Valley – Alleghany Regional Commission has convened a group of public and private leadership representing 9 localities in a region including the Alleghany Highlands area and the Roanoke Valley. This group has worked to develop a draft vision statement and a list of goals for the new economic development strategy. The following meetings are an opportunity for you to learn more about the strategy and its development process, to review the draft set of goals and the vision statement, and to make comments. You may attend at any time during the open house to meet with project staff and to view project information.

Members of the public are also asked to visit <http://www.regionalstrategy.org> for project updates and to make additional comments either by the site's internet forums or by a public survey posted there.

Thursday, June 19, 2008

5:15 PM to 8:00 PM
